

# Better Hearing for a Happier Life

## Technology Expert On-Site for 3 Days Only!

At your last appointment, we identified that your hearing loss could be improved with new technology. Now is the perfect time to come in and explore our new technology options. Your hearing is more than just sound – it's a gateway to a richer, fuller life.

For three days only, we will have a Hearing Technology Advisor in our office to discuss how maintaining your hearing with today's technology can benefit your overall quality of life.

**As a loyal patient, we'd like to offer you \$500 off a pair of the latest hearing aids when you attend.**

Don't miss this opportunity to discover how this new technology can improve your health! Join us **July 29th, 30th & 31st to receive \$500 off a pair of the latest hearing aids** and you'll have the chance to:

- Compare new technology during a comparative listening demonstration
- Receive a limited time offer on the latest technology to improve your hearing
- Experience the benefits of improved hearing, such as better communication with loved ones and increased confidence in social settings

You can hear better and live happier. Please call **(970) 707-1276** to schedule your personalized appointment during this limited time opportunity.

Sincerely,

*Brian Bennett, BC-HS  
Board Certified Hearing Instrument Specialist*

Schedule today
